

WRAPPING

SWEET MAGIC multystyle wrapping machine for chocolate pralines

standard features

SWEET MAGIC is a MULTYSTYLE wrapper for chocolate pralines. Its peculiar modularity is conceived to complete the basic SM machine with up to 4 different wrapping units, enabling to obtain many different wrapping styles. The machine may be equipped with an automatic aligner and/or vibrating hopper to optimize product feeding.

- MULTYSTYLE concept thanks to its MODULARITY
- Suitable for all kind of processed pralines: ENROBED, MOULDED, EXTRUDED, DEPOSITED, etc.
- Style &/or format CHANGE OVER TIME: less than 45 minutes
- HMI by color graphic Touch Screen / On-board electrical cabinet
- Possible upgrading with extra wrapping style modules even at customer site
- Servo-driven paper feeding system / No Product - No Paper device / Pneumatic reel holder device
- Gentle and positive handling of product and wrapping material
- Product always under operator control during both feeding and wrapping sequences
- Good accessibility, easy cleaning, maintenance and size change-over operations

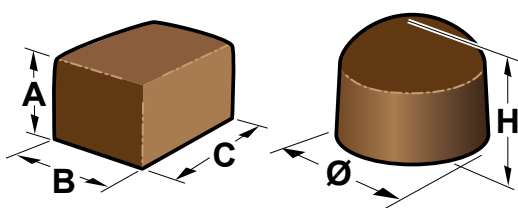

optionals

- Automatic splicer for outer &/or inner wrapping material
- Spliced product reject/device
- System for different cutting length between outer and inner wrapping material
- Properly oriented product outfeed on belt
- Predisposition for cooling system on feeding belts
- Date coder integration / Labelling on product bottom / Hot glue dispenser / Heat sealing device
- Cold seal for "protected Double Twist" / Rolling unit for small balls and eggs

technical data

	SWEET MAGIC
total weight	2000 Kg
total installed power	7,5 Kw
supply pressure average consumption	6 bar 150 NI/min
paint	RAL 7035 Gloss 80

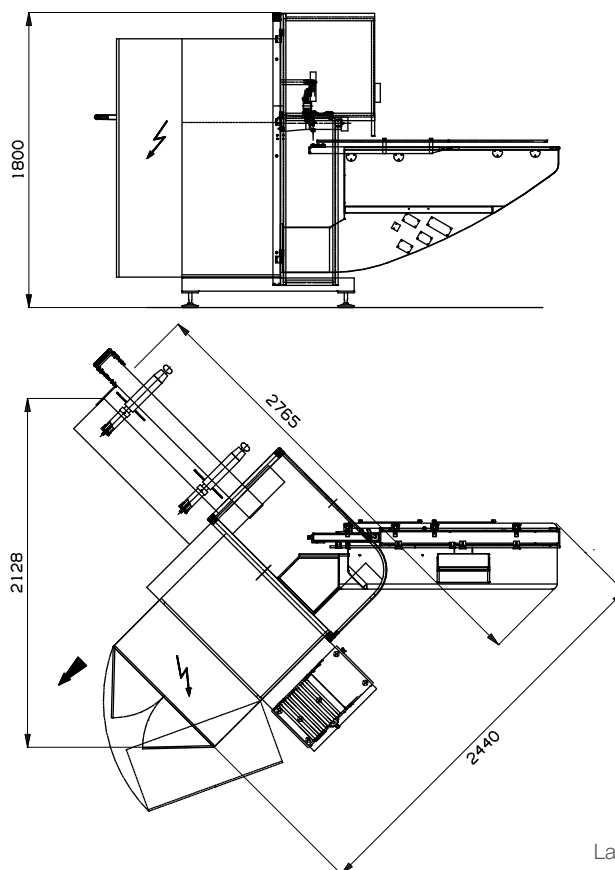

product size range

mm	A	B	C	Ø	H
min	5	18	25	14	18
max	25	38	60	30	30

Dimension next or beyond the limits of the above range to be evaluated.
